This month-long event will preview imagery from Alan's new work-in-progress titled JOURNEY THROUGH PARADISE, as well as other classic works. JTP will be a once in a lifetime project showcasing the natural wonders and city life of the Paradise Coast Region of Naples, Marco Island & the Everglades. It will include a large format coffee table book, interactive web experience & prestigious selections of fine art.

The first 12 participants to correctly identify the location of Alan's images will receive a pre-publication, signed note card from his new Old Florida Collection (This new series will be unveiled at the Ocean Reef Club, Key Largo in late May). One lucky person will be selected each Saturday night throughout the month of May and will receive an Alan S. Maltz Gift Package valued at \$260.00.
